

AUSTIN COUNTIES SPARES

Notes on Parts Availability & Price List

Introduction. Welcome to the 2009 edition of the parts list. Please let me know if you have any suggestions for its improvement. There are some **new items (part number is shown in bold)** and a few deletions. Many prices have gone up. This reflects the cost of the parts we purchase and increased overhead costs. This will, I hope, help to improve the service and provide funds to enable further remanufacturing.

Ordering Procedure. Use an order form, giving as much detail as possible. You may also **telephone** your requirements to the answer phone. I do not normally return calls; if you need to discuss anything with me then please call me on my mobile phone. You can send a **Fax** on this number. Give your name, membership number, phone number, address (only if recent member or has changed since last order), delivery address (if different), model & year of car and details of parts required. If your order is a **long list**, then please **send it by post**. If all is well, I will dispatch the items within a week, usually on a Saturday. If I can only supply some of the items I will tell you with the order. Otherwise I will phone you to sort out any problems. I will not normally acknowledge your order by a return phone call. If you need to discuss something with me, then use my mobile phone number, 9am to 9pm daily. Orders cannot be taken on this number.

Prices. All prices are subject to change without prior

Contact details

www.austincounties.org.uk**

notice. All stock items should remain the same for the duration of the price list. Other items will depend on the price I have to pay.

Postage & Packing is extra. For UK orders this is charged at 10% of the total invoice cost (**including** exchange item deposits) subject to a minimum of £3 (see note about **heavy** items) and maximum £12. There is a column showing the **minimum** carriage for **heavy** items. Please apply the **highest** value in the order. If the parcel is less than 1 Kg first class post will be used, otherwise parcel post or DHL (for which a

signature will be required). If you require express delivery (24 hour) then this can be arranged at £10 per parcel (in place of the 10% charge). For non UK orders carriage will be charged at cost plus £1 for packing. I will advise before dispatch or add to credit card payment amount. Some items have a specific charge.

Payment.

All parts must be paid for before dispatch. Send a Cheque or Postal Order with order or by Credit or Debit Card. Cheques must be in sterling, drawn on a British bank and made payable to:- Austin Counties Spares. (NOT to me!). We accept Visa, Master Card, Switch, Maestro. There is a 3% maximum surcharge for this service. State the card number, expiry date and 3 digit security number from the signature strip on the back of the card. Include issue number for Switch or Maestro. There is space for this on the order form.

Returns. All items supplied correctly that are returned for credit or refund will be subject to a 10% handling charge.

BSF Nuts & Screws

These have become increasingly difficult to source. I have found some in large box quantities so am now

SPECIAL PLEA

You **must** return exchange units within 10 days, otherwise I cannot get them serviced for other members. (It may be you next time!)

selling them individually. This will give you more choice of the correct item than in bags of random lengths. I have chosen set screws against bolts as these are easier to cut down to the correct length.

AUSTIN EIGHT PARTS

Now have their own section in the parts list.

Brake Wheel Cylinders

A40, A70 & A90 Wheel cylinders (aluminium) are now being remanufactured for our cars. You can buy direct from:

Dave Kingerley 01332 873685 / 07977 914088

Earlpart Ltd, Tel 01773 719504, Fax 01773 530828
www.earlpart.co.uk

Exhaust Systems

These should now be available from Earlpart – contact for details:

Earlpart Ltd, Tel 01773 719504, Fax 01773 530828
www.earlpart.co.uk

AUSTIN COUNTIES SPARES

Page Layout.

A few words of explanation about the layout. It is computerised to make it easier to keep up to date and add items.

Sequence & Part Numbers. The sequence of the list is that of the major sections in the Austin A40 Parts List. Within that it is sub-sectioned, again as per the Austin list. Within that, it is in part number sequence. Not all part numbers have been cross referenced for all models. Please let me know if a part is for another model not yet listed.

Column Headings.

Part Number	Austin or other part number. If in BOLD then this a new item to this list.
No per car	Number of the part normally required for car
UOM	Unit of Measure: EA = Each, FT = Feet, MT = Metre, or quantity for the price
Price £	The price per unit of measure (not for the quantity per car)
Min Carr £	The minimum carriage charge if this item is included in the order. Select the highest value item per order.
Dep	Surcharge payable and refundable when old units returned.
Ava	Availability: S = Stock - normally available from stock. A = As and when stocks are available O = To Order only - there will be a delay in supplying. 1,2 etc. = quantity currently available in stock: for limited available items
New	Y = Yes - a new remanufactured or old stock part. N = No - Second hand or used part
Applicable	If there is a 'Y' in the column for a model, then the part is for that model
A8	Austin 8
A10	Austin 10
A12	Austin 12
A16	Austin 16
GS2	Devon, Floor gear change
GS3	Devon, Column gear change
GS4	Somerset
BS2	Hampshire
BS3	Hereford
A90	A90 Atlantic all models (check chassis number for exact application)
Other	Other models as indicated e.g. A40C = A40 commercials, GD2 & GD3 = A40 Sports
Plate	Illustration plates. Refers to the Austin parts list illustration plates. If you would like a set of these illustrations, then I can supply a set of photocopies for the A40. See publications section for details.

Heritage Motor Centre, Gaydon

The Largest Collection of Historic British Cars in the World in the heart of Warwickshire.

Production Record Trace. The Archive of the British Motor Industry Heritage Trust preserves the surviving records of some of the most famous names in British motoring history. They offer the classic car owner a Heritage Certificate which is a **certified copy** of the entry against your chassis number in the authentic factory ledgers. You will discover the original numbers and colour scheme, dates of build and dispatch, even, where available, the details of factory fitted equipment. At time of printing the cost is £37.
